CompuCom Issues Statement Regarding Malware Incident

March 3, 2021

FORT MILL, S.C.--(BUSINESS WIRE)--Mar. 3, 2021-- CompuCom, a managed services provider and wholly owned subsidiary of The ODP Corporation (NASDAQ:ODP), today issued the following statement:

Certain CompuCom information technology systems have been affected by a malware incident which is affecting some of the services that we provide to certain customers. Our investigation is in its early stages and remains ongoing. We have no indication at this time that our customers' systems were directly impacted by the incident.

As soon as we became aware of the situation, we immediately took steps to contain it, and engaged leading cybersecurity experts to begin an investigation. We are also communicating with customers to provide updates about the situation and the actions we are taking.

We are in the process of restoring customer services and internal operations as quickly and safely as possible. We regret the inconvenience caused by the interruption and appreciate the ongoing support of our customers.

About CompuCom

CompuCom is a wholly owned subsidiary of The ODP Corporation (NASDAQ:ODP), a leading provider of business services and supplies, products and digital workplace technology solutions to small, medium and enterprise businesses, through an integrated business-to-business (B2B) distribution platform, which includes world-class supply chain and distribution operations, dedicated sales professionals and technicians, online presence, and approximately 1,100 stores. CompuCom provides end-to-end managed workplace services, infrastructure modernization and digital consulting to enable the digital workplace for enterprise, midsize and small businesses.
